

SAE Supermileage

Fuel Economy Estimation Contest

Each team has the opportunity to estimate their vehicle's fuel economy. Teams may use technical prowess, experimentation, estimation, or a wild guess.

To win, a team/vehicle must:

- 1) Have a successful fuel economy run,
- 2) Have a fuel economy in excess of 100 miles per gallon,
- 3) Must not be disqualified from the Competition for any reason,
- 4) Must return this form to the Registration Table before 4:00 p.m. Thursday, of the Competition.

Winner will be determined by the Organizer based upon actual difference in highest achieved fuel economy and the predicted fuel economy in units of miles per gallon. Organizer's decision is final.

School Name: _____

Team Captain Name: _____

Estimated Fuel Economy: _____ mpg (miles per gallon)
