Notes

1 – Event Closing Times - Acceleration, Skid Pad and Autocross close exactly at the scheduled time. Your car must have crossed the starting line before the event closing time in order to be allowed to complete that run.

2 – Design Judging - The Design Event will have two phases (1) judging of all teams and (2) Design Finals. There will **not** be design semi-finals.

3 – Design Feedback – Some of the key design judges will be available on Friday 9:00 am to 4:00 pm in the design tent to provide teams with feedback and more comprehensive reviews of their cars.

4 – Concurrent Event - The Bosch Engineering 250 Grand-Am event will run on VIR's full course Friday through Sunday April 25 – 27 and will overlap the last 2 days of FSAE at VIR.
